RENEWED PETITION UNDER 37 C.F.R. § 1.47(a)

Mail Stop PCT
 Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

Sir:

This renewed petition is submitted in response to the Decision on Petition Under 37 C.F.R. § 1.47(a) dated August 4, 2005. The applicants' original petition was dismissed without prejudice. The applicants hereby request reconsideration. Submitted herewith is a statement of facts by the undersigned attorney setting forth proof of the pertinent facts regarding the additional diligent effort made to locate named inventor MAXTED.

The decision on the petition raised two issues: (1) the proper spelling of the first name for inventor LOOK; and (2) lack of diligent effort in locating non-signing inventor MAXTED. As described below, inventor LOOK's first name is spelled properly on the international application, and the misspelling on the inventors' declaration was the result of a typographical error. In addition, and as described in the statement of facts submitted herewith, further attempts were made in order to locate inventor MAXTED, but without

Serial No. 10/506,914

Atty. Docket 30698/CDT413

success. It is submitted that the new evidence submitted herewith, combined with the previous evidence of diligence submitted, establish the diligent effort required by the rules.

Proper Spelling of Inventor LOOK's Name

The August 4, 2005, Decision on Petition pointed out a discrepancy between the typed name of inventor LOOK listed on the declaration and on the international application (*i.e.*, "Kal" in the former and "Kai" in the latter). The Decision on Petition states that if the disparity represents a typographical error, the applicants must confirm by statement that this is the case and confirm the proper spelling of the inventor's first name. In a telephone conference on August 15, 2005, the Petitions Attorney confirmed our understanding that only a statement was required if the discrepancy was the result of a misspelling.

The applicants, through their undersigned attorney, confirm that inventor LOOK's first name is spelled properly on the international application (*i.e.*, "KAI"). The misspelling on the inventors' declaration was the result of a typographical error, and was made without deceptive intent. The inventor's signature also reflects the correct spelling.

Diligence in Locating Inventor Maxted

The Decision on Petition concludes that the applicants have not, on the record present at that time, satisfied item (4) of a grantable petition, in that the effort to reach the inventor was not diligent.

By telephone call to the Petitions Attorney on August 9, 2005, the undersigned attorney pointed out that the Decision on Petition did not reflect that the statement of Ann Brown submitted with the May 19, 2005, petition also evidenced an attempt to reach inventor MAXTED via e-mail (paragraph number 4), and also evidenced several attempts to find inventor MAXTED at alternative addresses (postal and electronic) through inquiries with his co-workers and co-inventors. The Petitions Attorney indicated that internet searches would be required in order to support a grantable petition, as it was their experience that such searches are often successful in locating new addresses for unreachable inventors.

Transmitted herewith is a Statement Of Facts Under 37 C.F.R. § 1.47(a) by the undersigned attorney. This evidence shows additional attempts to locate a new address for

Serial No. 10/506,914

Atty. Docket 30698/CDT413

inventor MAXTED. Unfortunately, the only current address uncovered in the databases is the previously-known address, which was not successful in reaching inventor MAXTED.

It is respectfully submitted that this additional evidence, especially together with the previously-submitted evidence, establishes diligence in the effort to reach inventor MAXTED.

Reconsideration of the dismissal is respectfully requested. On the basis of these facts and for the foregoing reasons, it is solicited that the petition can be granted.

Should the Petitions Attorney have any question of form or substance, he is encouraged to contact the undersigned attorney at the telephone number and address listed below.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP

STATEMENT OF FACTS UNDER 37 C.F.R. § 1.47(a)

Mail Stop PCT
 Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

Sir:

The undersigned hereby states as follows:

1. I make this statement to provide facts known to me concerning diligence in locating inventor Neil MAXTED in order for him to sign an inventor's declaration for the above-identified patent application.

2. On information and belief, Neil Maxted's last-known residential address is:
 6 White Leys Close
 Didcot OX11 7LP
 UK

Serial No. 10/506,914

Atty. Docket 30698/CDT413

3. In the time period from August 9, 2005, to August 15, 2005, I conducted and supervised internet searches for a more current address for named inventor Neil Maxted, the correspondence sent to the last-known address having been returned.

4. Searches were conducted at the internet site 192.com, which is billed as "The Largest UK Directory Enquiry Service." Indeed, this site provided more results than any other site which was searched. The first query was for any last name Maxted in all of the UK. The search results, attached as Exhibit A, indicate over 200 Electoral Roll results, 90 public records of company Directors, 21 results in 192.com's Business Directory, and 16 records in the Thompson Directory.

5. To narrow the results, the query was revised to search for any last name Maxted with a first name starting with "N" or first initial "N." The search results, attached as Exhibit B, indicate 12 Electoral Roll results, 6 Director Report results, and no results in the 192.com Business Directory or the Thompson Directory. The results show Neil Maxted (with Jeevani Mantotta, on information and belief, his wife) only at the last-known residential address identified in paragraph 2, above, as of the 2005 Electoral Roll.

6. To take another angle on searching, the 192.com database was queried for any last name Maxted with a mail codes starting with the letters "OX" (e.g., includes Oxford region). The search results are attached as Exhibit C, and again show Neil Maxted (with Jeevani Mantotta, on information and belief, his wife) only at the last-known residential address identified in paragraph 2, above, as of the 2005 Electoral Roll.

7. Another database with UK telephone directory coverage, Infobel.com, was searched for last name Maxted in any post code beginning with the letter "O" (e.g., includes Oxford region). This service does not permit a UK-wide search, but instead requires at least a portion of a post code or city name. The search results are attached as Exhibit D, and show no address for Neil Maxted or a variation thereof such as N. Maxted. Subsequent to the search, it was observed that the Infobel.com site indicated its data was provided by 192.com (which also had no relevant information in its telephone directory).

8. Another directory with UK telephone directory coverage, bt.com (British Telecom), was queried for any last name Maxted in post codes beginning with "OX" (second

Serial No. 10/506,914

Atty. Docket 30698/CDT413

letter required; includes Oxford region). The search results are attached as Exhibit E, and show no address for Neil Maxted or a variation thereof such as N. Maxted.

9. Another directory with UK telephone directory coverage, ultimatedirectory.co.uk, was queried for any last name Maxted in post codes beginning with "O" (e.g., includes Oxford region). The search results are attached as Exhibit F, and show no address for Neil Maxted or a variation thereof such as N. Maxted. Subsequent to the search, it was observed that the ultimatedirectory.co.uk site indicated its data was provided by bt.com.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
